Slot Top Safes

Travel Safes with a Cash Slot offer a baffled entry slot ideal for depositing bank notes or sealed envelopes, choose a slot that's no larger than your needs, as the level of security diminishes as the entry slot gets larger. Once through the slot your valuables drop into the safe compartment below.

Product number	Description	L	W	H	Kg

- For trade prices please refer to the trade section of the website
- All dimensions are in mm (L & W dimensions = base plate 'footprint' - actual safe is approx 5% smaller)
  L = length W = width H = height Kg = weight

Collect models require a key to enable the safe to be locked into the vehicle. **Commercial** models auto lock upon presentation to the base plate.

Models that are offered with a 2nd lock option give enhanced security where the 1st lock is used to remove the safe & contents from the vehicle, then the 2nd removes the contents from the safe.

All locks are registered to Checkmate Devices Ltd and each is supplied with 2 keys. Keyed alike and master key systems are available upon request.

Base plates are anchored to the vehicle floor using a fixing kit (supplied).
